

Message from Sales Manager - Macmillan Caribbean

Good Morning Everyone

Please find below Flipping Bk access to the Student and Teacher materials for Max Computing.

In order to view ALL of the digital support materials and Teacher Guides that are available this must be done via the MEE platform – full details of how persons can do this are attached here but if you want to share the TGs quickly then the flipping book links below will allow this (note the Digital Support Materials are NOT available as flipping books).

Please be mindful of the fact that sharing the links below will NOT provide us with any information of who has actually viewed the materials that have been shared and we would prefer that persons view the TGs on the MEE platform. However, sharing the links below will enable you to ensure that key personnel can access and view all the Max Computing supporting resources quickly and simply!!

Max Computing Workbook 1	https://online.flippingbook.com/view/692158354/
Max Computing Workbook 2	https://online.flippingbook.com/view/692097006/
Max Computing Workbook 3	https://online.flippingbook.com/view/692925568/
